

Stackable Cable Reel

Product number: 990701

Product Overview

The DF100 is a portable hand-operated cable reel made from durable PP material, which can easily be operated by one person to quickly deploy cable.

The fully-enclosed winding reel provides excellent protection from drops and knocks, and can be stacked vertically or horizontally, or hung for easy transportation and storage.

The lightweight design is only 1.5kg and can easily store 100 meters of fiber optic cable with an outer diameter (OD) of 5.0 mm or 75 meters of CAT cable with an outer diameter (OD) of 7.0 mm.

Product Features

- Designed for repeated mobile cable deployment.
- Internal bearing structure and retainer can be operated by a single person, saving both time and effort.
- Unique outer design allows it to be stacked vertically, horizontally or hung on racks, freeing up space and making it easy to grab-and-go.
- Fully-enclosed winding reel is safe from drops and knocks that might happen during transport.
- Ultra-lightweight at only 1.5kg.
- Both sides can be labelled for easy identification.
- Suitable for optical fiber, CAT cable, audio cable, video cable, etc.
- Ethernet RJ45, HDMI, BNC and XLR connector docking points are reserved and also can be applicable with BH series connector protectors.
- Suitable for storage of 100 meters of optical fiber with an outer diameter (OD) of 5.0 mm or 75 meters of CAT cable with an outer diameter (OD) of 7.0 mm.
