

MSxx-xxCM

Velcro Straps for Cable Management

Product number:990725

Summary

The MSxx-xxCM is a Bite-Lock cable strap with high performance designed for cable storage. Made of strong and durable nylon material, it is supremely wear-resistant and durable. And equipped with advanced weaving technology and hook and loop design to ensure excellent adhesive performance. Its unique Bite-Lock card design ensures that it is not easy to detach after installation, greatly improving the safety and convenience of cable management. Its soft surface design is not easy to scratch the cable and the end can be laser-engraved with customized information to make cable management more visible and orderly. Whether in fixed installation or in a professional environment, the MSxx-xxCM is not only durable and reliable, but also offers a wide selection of sizes to meet a variety of cable storage needs.

Product Features

- ✦ Wear-resistant and durable: High-quality nylon material is used to ensure wear-resistance and durability for unsurpassed service life and not easy to be damaged.
- ✦ Strong adhesive force: Unique design gives the Velcro a strong adhesive force to ensure that the cable is stable and does not loosen.
- ✦ Easy storage: The simple design makes the Velcro easy to use and store, which greatly facilitates daily cable management.
- ✦ Custom labels: The end supports laser-engraving and users can customize labels as needed to make your cable storage more convenient and orderly.
- ✦ Bite-Lock design: The head is equipped with a Bite-Lock, which is not easy to disengage after locking and requires a special unlocking card to unlock, ensuring that the cable is fixed.
- ✦ Four sizes are available: 2.5-20CM, 2.5-35CM, 5.0-35CM, 5.0-50CM.
- ✦ Suitable for a wide range of cables: The Velcro is designed for cable storage. It is suitable for all types of cables, from home to professional environments.
